

40V Max Brushless Pressure Washer

HEAVY DUTY BRUSHLESS

HVW001G

Product Statement

40V Max Brushless Pressure Washer

The HW001G is a compact, high powered pressure washer designed for a wide range of cleaning applications. Featuring a Max regular pressure of 8.5MPa it provides performance equal to AC pressure washers.

3 stage pressure control enables optimised performance depending on the application and the large wheels and telescopic handle make transportation convenient.

The range of attachments are at the ready thanks to the onboard storage, allowing for quick changes and maximum efficiency.

Product Overview

Product Specification Sheet

Operating Pressure	Mode 1: 3.0MPa Mode 2: 5.5MPa Mode 3: 8.5MPa
Flow Rate	Mode 1: 3.0L/min Mode 2: 4.2L/min Mode 3: 5.5L/min
Noise Level	84dB(A)
Hose Length	5.0m
Overall Length	520mm
Skin Weight	8.5kg
Voltage	40V Max

- **3 Pressure Modes** – allows the user to achieve the desired pressure to suit the application or attachment.
- **Standard Accessories** – coming standard with a wide range of accessories to suit a range of applications.
- **Telescopic Handle** – provides easy transport around the worksite while remaining compact for storage.
- **5m High Pressure Hose** – gives the user a large area of coverage without the need to move the unit to different positions during use.
- **Self-priming Function** – water can be supplied from the tap or reservoir without the need to operate air valve.
- **IPX5 Compatible** – batteries are protected from water penetrating during use ensuring safe operation in wet environments.
- **On-board Accessory Storage** – convenient storage for standard and optional accessories on the back of the unit so they are readily available for quick changes between tasks.

Advantages

Functionality

Convenient control panel for On/Off, Mode selection and Battery level indicator

Storage

On-board storage for quick changing between different attachment types

Durability

IPX5 protection rating to defend from water ingress

Versatility

Range of accessories available to suit multiple cleaning applications

Accessories

Standard Accessories		
	1910R1-6	Hose assembly set
	1910R2-4	Strainer assembly set
	197842-2	Trigger gun set
	197824-4	Cyclone jet nozzle set
	126766-5	High pressure hose 5m

	191U84-6	Extension set
	1912Y4-1	Variospray nozzle set
	122F22-7	Absorption connector
	197879-9	Cleaner pin

Optional Accessories		
	197822-8	Variable Nozzle Assembly
	197864-2	Cyclone Guard Assembly
	197886-2	Foam Nozzle Assembly
	197828-6	Soft Wash Brush Assembly
	197831-7	Rotary Wash Brush
	198909-9	Under Body Spray Lance
	197870-7	Extension Pipe Set

	197837-5	10m Pipe Cleaning Hose
	197840-6	15m Pipe Cleaning Hose
	197845-6	5m High Pressure Hose Extension
	197847-2	8m High Pressure Hose Extension
	197850-3	10m High Pressure Hose Extension
	197873-1	Self-suction Hose Assembly
	197867-6	Twist Prevention Joint
