

Glass Cleaner

A concentrated formula from biodegradable ingredients that effectively removes tough soils including smoke and grease films from windows, mirrors, glass, plastic, acrylics and painted surfaces. Impress with sparkling streak free results that are easy to achieve and enjoy a pleasant fresh application with every wipe.

Biodegradable formula

Focused on the Environment

Safer - non - hazardous in use

Sparkling streak-free results

Recognised Environmental Credentials Scheme by Accord

Effective on a wide range of hard surfaces

Waste reduced by 80% over standard packaging

Derived from renewable resources

CLEANER. SAFER. HEALTHIER

ECOLAB®

Glass Cleaner

Recognised environmental Credentials Scheme by accord

Accreditation under the Recognised scheme ensures a product meets a stringent set of criteria ensuring the product is better for human health and the environment based on rigorous, science-based leadership standards.

Focus on the environment

Our range of Bio-Based Hard surface Cleaners are derived from renewable resources - living matter such as soybeans and corn - to help reduce your environmental footprint.

Use Instructions

1. Fill spray bottle with solution.
2. Spray onto windows, mirrors or other soiled surfaces.
3. Clean in a circular motion with a lint free cloth or paper towel.
4. Wipe left to right, top to bottom.
5. Polish with another clean cloth.

Safety Information

Oasis Pro concentrated products are automatically dispensed. An Ecolab representative will set the dilution to provide optimum results according to your water pressure, soil level and surface type. Do not mix with any other products. For further information and safety instructions see product label and Safety Data Sheet.
