

## SHOWERSHINE

Showershine has a blend of surfactants and natural citrus solvent that is brilliant at cleaning off soap scum, body fats and built up scale and mineral deposits. Incorporating a fresh lingering fragrance, Showershine will clean shower recesses, toilets and most hard surfaces where build up needs to be removed.

### DIRECTIONS FOR USE

Apply undiluted for heavily soiled showers, toilets, urinals and other hard surfaces with mop or swab. For frequent use Showershine can be diluted up to 1 in 20 parts of water.

**Toilet Bowls:** Direct a stream of Showershine under the rim. Use a toilet brush to swab the solution around the bowls before brushing under the rim. Flush the toilet.

**Urinals:** Apply Showershine to the areas to be cleaned, scrub with a brush, and then flush again.

**Showers:** Apply Showershine evenly over the entire surface to be cleaned allow sufficient time to activate (2-5 mins) then rinse away. Agitation of the surface will result in a better result particularly in heavily soiled areas.

### SAFETY NOTES

Showershine can be irritating to the skin and eyes. Gloves and eye protection are recommended when handling this product. For further information consult the Safety Data Sheet.
