

CHLORAL

A highly alkaline chlorinated cleaner with added foam booster designed to clean and sanitize floors and bench tops in kitchens, food preparation areas, bathrooms and toilets. The high level of chlorine present is excellent for sanitizing and bleaching out stains. Its added foam booster can be used via mop and bucket or through a foaming system

DIRECTIONS FOR USE

Use undiluted to kill germs, remove mould, stains, smells and bathroom soap scum. Apply to desired area, spread evenly, leave for 10 minutes and rinse well. Use for shower recesses, tiles, toilets, drains and rubbish bins. Use 20 - 40 mL (2-4:1000) in a 10 litre bucket of warm to hot water for maintaining bathroom surfaces, floors, driveways and paths with mould or mildew.

SAFETY NOTES

Ensure adequate ventilation when using. Vapour may be harmful. Wash hands after use. Avoid contact with skin and eyes and avoid breathing vapour or spray mist. Refer to Safety Data Sheet for more information.
