

CRACKSHOT HIGH pH

An aqueous, solvent-based, high pH cleaner, containing a broad range of cleaning materials primarily designed to instantly dissolve many types of soils, greases and fats, emulsifying and holding them in solution until wiped or rinsed away.

DIRECTIONS FOR USE

Apply diluted solution of Crackshot High pH by spray, mop or swab to soiled surface. Agitate and then wipe or rinse surface with clean water.

Dilute at the following rates.

1 in 3 for laundry pre-wash, heavy soiling and very greasy surfaces.

1 in 10 for upholstery, carpet spotting, ink removal, jewellery, hand degreasing and smoke and soot.

1 in 50 for air filters, tiles, kitchens, general soiling

1 in 200 for windows, glass, stainless steel and chrome.

SAFETY NOTES

Crackshot High pH can be irritating to the skin and eyes. Gloves and eye protection are recommended when handling this product. For further information consult the Safety Data Sheet.
