

Introducing SHAPE:

The Sustainable Hygienic & Aesthetic Pump Evolution

- **Cost-Efficient**
Saves approx. 40% compared to small portions, quick to replace and easy to clean, cartridge lasts up to 4 weeks
- **Environmentally Friendly**
Innovative design reduces plastic & liquid waste by 85%, made from non-toxic, 100% recyclable plastic
- **Reduced Labour vs. Refillable Pumps**
No refilling required resulting in lower labour costs compared to refilling pump bottles
- **Maximum Hygiene & Safety**
Closed system keeps germs out of factory-sealed, no-drip, tamper-proof cartridge
- **Advanced Design**
Light, contemporary design with intuitive pump system and invisible wall bracket

Technology equipped with best-in-class safety

Engineered for precise, effortless operation, a simple press of the finger dispenses the exact amount of formulation. A secure pump lock prevents germs from entering the cartridge, creating peace of mind for the hotelier and maximum hygiene for the guest.

Changing Tomorrow's World... Today!

For over 25 years, Swisstrade has been the leader in environmentally sustainable amenity solutions, offering a comprehensive range of eco-friendly dispensers, with the primary objectives of reducing cost, eliminating single use plastic and delivering a memorable guest experience.
